

Series 6000

RIBBED

Snap-Lock Detail

Nu-Ray's 16" Series 6000 ribbed "Snaplock" panel system is a concealed fastener, self-locking panel for roof and wall applications. Four intermediate ribs are standard for the Series 6000.

The 1" tall standing seam design has a classic look with the durability needed for a weather-tight application.

Fastening slots help provide for thermal movement and ease of panel application without clips, giving you the performance you need at an affordable price.

A wide variety of attractive colors in 26 and 24 gauge are available featuring a top-of-the-line BASF **ULTRA**-Cool Kynar 500 paint finish.

Zincalume Plus is available in 26 and 24 gauge.

G-90 level galvanized base metal is standard in 26 and 24 gauge materials.

Panels are available with pencil ribs or striations.

Minimum 3/12 pitch is recommended.
